Cezario®

VMC is managed by a team of qualified engineers and industry experts with extensive experience in Hot Rolling, Cold Rolling, Tube Manufacturing, Automotive and Hardware Component Manufacturing. VMC has forayed into value added products in stainless steel such as Tubes, Pipes, Tubular Components, Designer Tubes and Bespoke fabricated items.

VMC's manufacturing plant is situated in the fast growing National Capital Region - Greater Noida, India. With close proximity to the national highways and inland container depot (ICD), our products can reach any market – both domestic and international. The ultramodern facility located at Greater Noida is equipped with modern manufacturing machines, latest welding and cutting technologies and precision testing facilities.

Customer satisfaction and long term relations are of utmost importance to us and we strive to achieve these goals everyday.

OUR PRODUCTS

VMC caters to the world of Stainless Steel products having the following product portfolio:

- Stainless Steel Round Tubes & Pipes
- Stainless Steel Rectangle & Square Tubes
- Stainless Steel Oval Tubes
- Stainless Steel Special Profile Tubes
- Stainless Steel Slot Tubes
- Stainless Steel Tactile Stud
- Stainless Steel Tactile Strip

STAINLESS STEEL TUBES & PIPES

With the latest equipment, testing facilities and thorough Quality Management Systems, we are capable of producing world class precision stainless steel welded tubes, pipes and fabricated items.

Our annual production capacity for stainless steel tubes and pipes is 1200 metric tonnes. We also manufacture and supply the most perfect of products as per our customers' requirements and to the reputed ASTM/ASME/EN standards.

THE EXCELLENCE OF PRECISION PRODUCTS

STAINLESS STEEL TUBES & PIPES

Stainless Steel Round Tubes & Pipes	Size Range: 6mm - 76.2mm Thickness Range: 0.3mm - 3.5mm
Stainless Steel Rectangle & Square Tubes	Size Range: Square (10x10 mm to 60x60 mm) Rectangle (10x20 mm to 80x40 mm) Thickness Range: 0.3mm - 3.5mm
Stainless Steel Oval Tubes	Size Range: 10x10 mm to 80x40 mm
Stainless Steel Special Profile Tubes	Customised sizes as per requirement
Stainless Steel Slot Tubes	Size Range: 38.1 mm 63.5 mm Slot Size: 15x15 mm 30x30 mm Thickness Range: 0.8 mm - 2 mm
Length	50 mm – 12,000 mm
Material Grades	201, 202, J4, 204Cu, 304/L/H, 316/L/H/Ti, 409/L/SUS, 410, 436, 439, 441 etc. Any other grades desired by customers can also be provided
Forming	Cold Forming
Welding Process	TIG & Quasi Plasma TIG with HF
Surface Finish	As weld, 200 Matte, Hairline, Brushed, 600 Mirror, 1200 High Gloss Mirror
Marking	By online printer on request
Packaging	<ul style="list-style-type: none"> • Plastic Bands • CTL pieces in PP Stretch film stored in Gunny Bags/Carton Boxes • Individual pipes in plastic sleeves bundled together in HDPE cloth • Wooden Box export packing

STAINLESS STEEL TACTILES

Our products are our strength and represent who we are. With a varied product portfolio, technical excellence and highly motivated manpower, we are best equipped to cater to the customers' needs in stainless steel tubes, pipes and bespoke tubular fabricated items.

Stainless Steel Tactile Stud

Size: 35 mm
Thickness: 4.5 mm

Stainless Steel Tactile Strip

Size: 280 mm x 35 mm
Thickness: 4.5 mm

Our products are synonymous with quality attributes like durability, better corrosion resistance and smooth finish.

STEEL

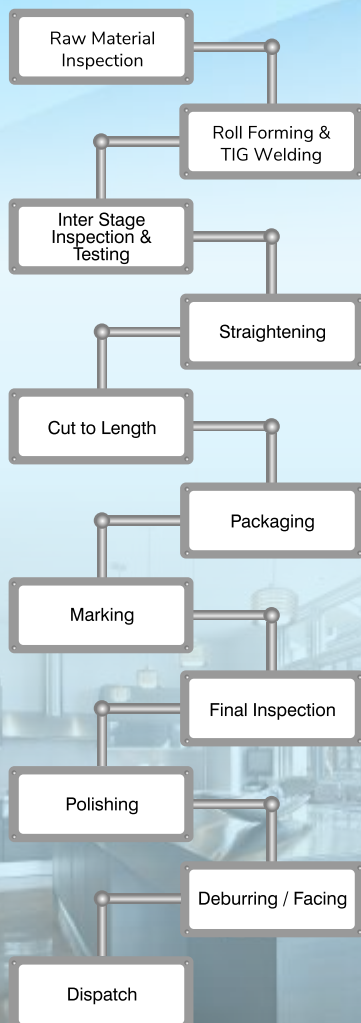

APPLICATIONS

- Heat Exchanger / Dust Catcher and Pressure Vessels
- Automobile Exhaust, Conduit and High Pressure Systems, Head Rests, Fuel Pipes, Seat belt Tightners,
- Sunroofs and EGR Tubes
- Sugar Mills
- Sea Water Desalination and Water Treatment Plants
- Agricultural, Furnniture, Building and Structures
- Railway Coaches
- Submersible Pumps
- Pulp and Paper Industry
- Petrochemicals and Refineries
- Phamaceuticals
- Oil and Gas Industries
- Power Plants
- Fertilizer Plants
- Chemical Plants
- Instrumentation

Cezario[®]

We also
manufacture
Stainless Steel and
Mild Steel bespoke
fabricated items

Standard Stainless Steel
Security and bathroom doors

Stainless Steel Railings

Other Stainless Steel items like: Furniture: Beds,
Sofa Frame, Lab Tables, Mess Tables

Customized fabricated items like partitions,
coverings, drain traps etc.

Tubular fabricated items like Pull Handles and
components

Customized Stainless Steel fabrications depending
on project requirement

Stainless Steel Windows & Grills

Stainless Steel and Mild Steel Gates

- Sliding
- Swing
- Wicket
- Turnstile
- Automatic Gates

Stainless Steel Items

Brushed / Hairline
Satin
Mirror
Powder Coated
PVD Coating

Mild Steel Items

Paint and Powder Coated

ADVANTAGES

- In house design team
- Team of engineers for inhouse fabrication
- Adaptability to accommodate customizations
- Factory quality with internal quality systems as per IATF 16949:2016
- Ability to handle projects keeping in mind cost control and deliveries
- Faster deliveries
- Site visit to understand customer's requirement
- Ability to arrange and supervise installation
- Trust on material and workmanship

Cezario®

READY TO FIT DOORS

Security, Room or
Bathroom doors
Time Saving, Cost Saving...

Stainless steel ready to fit doors in various designs

- Standard available sizes of 7ft x 3.5ft and 7.75ft x 3.5ft
- Mortise locks with 5 year warranty and anti theft features
- Sturdy and seamless fabrication without any screws
- Comes with Stainless Steel frame Chaukhat
- Available in SS304 grade and also a cost effective SS202 grade
- Facility of customised security gates with flexibility in design and size as per customer's specifications
- No hold fast or heavy civil work required.
- Installation within minutes by any professional
